

ARDROJEL

INDUSTRIAL SKIN CLEANSER

PRODUCT USE:

ARDROJEL is a creamy white gel of fine texture, containing high quality ingredients. It removes oil, grease, tar, paint and general soil from the skin. For safe after work-cleansing and as a guard against occupational skin diseases i.e. dermatitis. For use by the Industrial Worker, the Engineer, the Motor Mechanic, the Housewife etc.

PRODUCT DESCRIPTION:

Appearance: White creamy gel
S.G.: 0.92
pH: 8 - 9

DIRECTIONS FOR USE:

ARDROJEL is rubbed or scrubbed into the dry skin, under fingernails etc. and rinsed off with water. It gently loosens harmful soil and prepares it for effective emulsification and water rinsing. Skin is left soft and flexible and free from irritation. In an emergency, **ARDROJEL** can be wiped off the skin without rinsing, using a clean cloth or tissue.

ARDROJEL will remove most industrial or domestic soils, **but** will not remove cellulose and some synthetic paints, inks or powerful dyestuffs.

Ref. No. 01/24

PRECAUTIONS:

Product contains **no** free Caustic Soda. There are always certain persons who can react unfavourably to skin cleansers, just as they can to detergents or even toilet soaps. Such cases are rare and must each be treated as an individual medical problem.

As some individuals are allergic to antiseptic agents and as certain bacteria, beneficial to natural skin health, are destroyed together with unwanted bacteria by antiseptics, a low antiseptic value has been maintained in **ARDROJEL**.

- Keep product out of reach of children.
- Do not take internally.
- If taken internally, get medical attention.

FIRST AID:

Eyes: Immediately flush eyes with plenty of cool running water for at least 15 minutes. Get medical attention.

Internal: If swallowed, immediately drink a large quantity of water. Do not induce vomiting. Get medical attention.

Every endeavour has been made to ensure that the information in this Data Sheet is reliable, but we do not accept any liability for any loss, injury or damage which may result from its use.
