

ARREST

EXTRA HEAVY-DUTY POWDERED DETERGENT FOR GENERAL DEGREASING AND HEAVY-DUTY CLEANING

PRODUCT USE:

ARREST is a powerful detergent which dissolves heavy soils, grease and carbonised deposits. The soil is loosened, lifted and held in solution to be removed by flushing with a hose or mopping.

FOR CONCRETE, QUARRY OR CERAMIC TILES:

ARREST is especially recommended for removal of darkened or blackened grease from concrete or tile floors, in kitchens, bakeries, loading docks, garages, etc. It removes the slippery grease coating and whitens cement and grout joints between floor tiles.

FOR WOOD CHOPPING BLOCKS, TABLE TOPS AND PLATFORMS:

ARREST cleans out imbedded grease and soils that darken wood surfaces, leaving them clean and fresh looking.

FOR OVENS, STOVES, HOODS AND VENTS:

ARREST removes burnt-on deposits, carbonised grease and other carbon soils from metal surfaces.
METAL PROTECTION

ARREST contains metal protecting ingredients. It makes aluminium bright and new-looking, and it can be used to clean other metal surfaces, except tin or zinc-plated (galvanised) surfaces.

USE IN SOFT OR HARD WATER

ARREST is completely soluble in either hard or soft water.

FREE RINSING - FRESH CLEAN ODOUR

ARREST does an efficient cleaning job and is free-rinsing to minimise streaking. It contains no pine oil, and leaves a fresh clean odour.

Authorized for in use in meat, poultry, rabbit and egg inspection programs.

DIRECTIONS FOR USE:

Dissolve 20 - 30 grams of **ARREST** per litre water or use undiluted.

Wet floor, sprinkle **ARREST** onto surface, brush in, let penetrate for 5 minutes and rinse off with water.

Ref. No. 01/24

PRECAUTIONS:

- Harmful if swallowed.
- Product contains sodium carbonate and sodium metasilicate.
- Protect skin, eyes and mucous membranes from contact with this product.
- Keep out of reach of children.
- Do not mix with anything else, but water.

Product Data Sheet

FIRST AID:

- External: In case of contact with skin, flush with plenty of cool running water for at least 15 minutes. Get medical attention if needed.
- Eyes: Immediately flush eyes with plenty of cool running water for at least 15 minutes. Get medical attention.
- Internal: If swallowed, DO NOT induce vomiting. Immediately drink a large quantity of raw egg whites, milk or milk of magnesia. Follow with olive or mineral oil. Get medical attention immediately.

Every endeavour has been made to ensure that the information in this Data Sheet is reliable, but we do not accept any liability for any loss, injury or damage which may result from its use.
