

LAUNDET C

LAUNDRY DETERGENT

PRODUCT USE:

LAUNDET C is a low foam type of laundry detergent intended for use in industrial washing machines with either hard or soft water. It is recommended for textiles made of cotton or of cotton-and-synthetic fibre yarns.

The ideal water temperature for **LAUNDET C** must be between 60°C and 90°C in the main washing cycle.

ADVANTAGES:

- Detergent for washing both synthetic and natural fabrics.
- Contains optical brighteners to give whiter white and clearer colours.
- Contains water softening agents for use in either hard or soft water.
- Manufactured according to SABS 1044 and C.K.S. 499 specifications.

PRODUCT DESCRIPTION:

Colour: White
Form: Powder
Odour: None
pH value: > 12

DIRECTIONS FOR USE:

Use 5 - 12 grams **LAUNDET C** per kilo dry wash in the laundering machine.

Ref. No. 01/24

PRECAUTIONS:

- Keep out of reach of children.
- Product is alkaline.
- Do not mix with acids.
- Can cause eye irritation.

FIRST AID:

External: Immediately flush sensitive skin with plenty of cool running water for at least 5 minutes. Seek medical attention if needed.

Eyes: Immediately flush eyes with plenty of cool running water for at least 15 minutes. Seek medical attention if needed.

Internal: If swallowed do not induce vomiting. Get medical attention.
